

My V.I.P (Very Important Person) Tree

Write down the names of people who are special to you on the golden stars. Cut them out and add them to the tree. Spend some time thinking and talking about these people. Share why they are very important to you.

At Christmas time we often think of the people that matter the most to us in our lives. Some of us will be spending time with our family and friends. Some of us will be spending time with carers and other relatives. Some of us may be missing people we loved who have died.
