

Recovery premium strategy statement

2022-2023

This statement details our school's use of Catch-Up funding to help improve the attainment of our disadvantaged pupils.

School overview

Detail	Data
School name	Deer Park Primary School
Number of pupils in school	345
Proportion (%) of pupil premium eligible pupils	9.8%
Academic year/years that our current pupil premium strategy plan covers	2022-2023
Date this statement was published	20.09.2022
Date on which it will be reviewed	28.11.2022 30.01.2023 24.04.2023 10.07.2023
Statement authorised by	Annette Lupton
Pupil premium lead	Georgina Kernaghan
Governor lead	Liz Lord

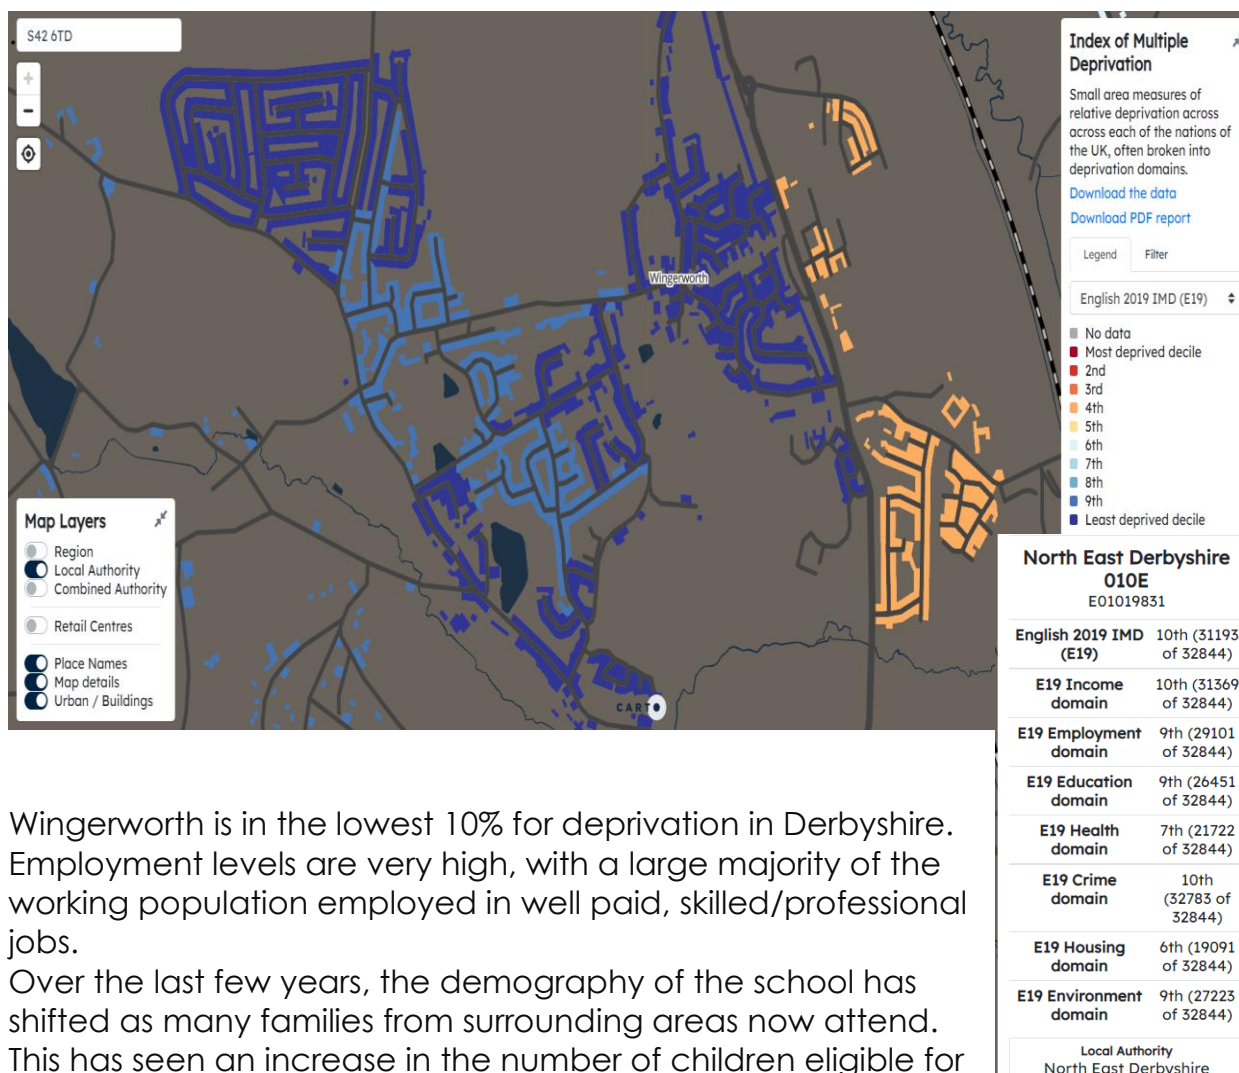

Funding overview

Detail	Amount
Amount of Recovery funding for 2022-2023	£6960
Total budget for this academic year	£6960

Part A: Recovery premium strategy plan

Demography and School Context

Deer Park Primary School is located in Wingerworth, in the town of Chesterfield. The school has low pupil mobility and, due to its good reputation in the community, has always been over-subscribed. Currently, there are 345 pupils on roll from Reception to Year 6

Wingerworth is in the lowest 10% for deprivation in Derbyshire. Employment levels are very high, with a large majority of the working population employed in well paid, skilled/professional jobs.

Over the last few years, the demography of the school has shifted as many families from surrounding areas now attend. This has seen an increase in the number of children eligible for Pupil Premium funding increase (as is demonstrated on the right hand side of the map above).

Ultimate Objectives

To narrow the attainment gap between disadvantaged and non-disadvantaged pupils nationally and also within internal school data;

For all disadvantaged pupils in school to have support to;

- Make accelerated progress in maths;

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Attainment in Maths is lower than non-disadvantaged pupils. This gap needs to be closed. This is especially true of the mixed age classes.
2	Lack of emotional resilience and aspiration

Intended outcomes

This explains the outcomes we are aiming for by the end of our current strategy plan, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Progress in Mathematics	<p>All children are taught within single year groups.</p> <p>All children have access to high quality maths resources.</p> <p>100% of children make expected progress across the year and 90%+ make more than expected progress.</p> <p>At least 90% of children have reached ARE by the end of each year and 25%-30% Greater Depth.</p> <p>The progress and attainment of children in years 1, 3, and 5 is equal to all other year groups.</p>

ACTIVITY IN THIS ACADEMIC YEAR

This details how we intend to spend our pupil premium (and recovery premium funding) this academic year to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 13,682

Activity	Evidence that supports this approach	Challenge number(s) addressed
Mathematics specialist teachers for year 1, 3 and 5 £13682	<p>At Deer Park we teach a mastery approach to Mathematics. Having a PAN of 50 per year groups means that in every year group, there is a mixed age class. Data shows that the children in Year 1, 3, and 5, under performed compared to their peers in single age classes.</p> <p>We are using the recovery premium to contribute towards a specialist teacher of Mathematics. This will allow all children to be taught in single age classes and reduce the class size where children's attainment is lower.</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/mastery-learning</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/small-group-tuition</p>	1, 2

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £0

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £0

Total budgeted cost: £13.682
